

Year 3 Home Learning!

	Week 1 Due 1.3.2017	Week 2 Due 8.3.2017	Week 3 Due 15.3.2017	Week 4 22.3.2017	Week 5 Due 29.3.2017
St Michaels	 Enjoy Learning	 Concentrate	 Use your imagination	 Have a go	 Be co-operative
	<p>Research information about plants and why they are important. Write the information up in your own words and create a poster, which needs to be colourful and eye catching.</p>	<p>Maths problems based on learning in class – to be given out by the teacher.</p>	<p>Try and find as many different plants as you can. Draw and if possible label some of them.</p>	<p>Imagine you are creating a tourist brochure for the rainforest. Design the front cover of your brochure, remember it needs to include images relevant to the rainforest and be colourful.</p>	<p>Cook a chocolate recipe (ideas will be given by teacher) using an adult to help you. Can you take photos to show your cooking skills?</p>

Please choose **1 activity each week** and be as creative as you like; present your work in any way you see fit - you could make a poster, a PowerPoint or even make a short film. This work is due in on Wednesday. For some of the activities you may need to ask a teacher for some information to help you complete the task. Some may require some adult assistance/supervision to ensure safety.

Alongside these activities, you must ensure that you read every day for at least 20 minutes, practise your Spelling Passport, and complete the work required for your Maths Passport.
